The Latest Trends in Bathroom Vanities and Storage

Picture all the stuff you keep in your bathroom and then imagine a space so streamlined, you never have to think about where to put it again. Because the Italians have thoughtfully designed it that way. Shoes, gelato, wine, and bathrooms -- the country knows what it's doing in these respects. Here are 10 bathrooms designed by some of Italy's best, with both storage and style in mind. A girl (with product) can dream. By Heidi Pyper

7. Rexa Design - Esperanto System

Modular design feels bespoke with the Esperanto System by Rexa Design. Monica Graffeo designed this collection with independent storage units in different sizes. One can mount the cabinets, or add wood trestles for more support, select from lacquered finishes, and add a sink like this Murano blown glass basin, for ultimate luxury.
